720P Handheld HD Digital Camcorder with Optical Telescope Zoom Lens

Product code: CVFU-DV07-2GEN

Handheld HD digital video camcorder with an excellent all-round functionality at an affordable wholesale price. Meet all of your video and photo recording needs without breaking the bank.

This handheld Hi-Def digital video camera captures 720P video and native still images at 5MP, giving you the superb quality needed for all your special moments. Along with the ultra-portable size and easy-to-use user interface, this camcorder is perfect for graduations, weddings, office parties, celebrations, social occasions and vacations. The extraordinary detail, vibrant colors and clarity that come with its modern high definition video will definitely enrich your viewing experience.

Designed with convenience and usability in mind, this attractive HD camcorder has a 2.4 inch LCD screen and user-friendly button layout, making its powerful features accessible to everyone. With just one hand you can zoom in/out, take pictures, and record video. It even includes a telescope style zoom lens for you to take pictures of long distance objects, and comes with flash mode and night shot, allowing full use at night and in complete darkness.

This is a great HD digital video camera with excellent all-round functionality that will meet all of your high definition recording needs. Compact, powerful yet straightforward to use, this digital video camera is ready to use out of the box.
